

A HALLMARK OF DISTINCTION

Showhome

14 Hallmark Drive,
Richmond

Positioned on a corner section in Paton Rise, Richmond, this home reveals itself differently at every angle - three distinct claddings, native plantings and local rock establishing a mid-century modern design with unmistakable contemporary precision.

Inside, high raking ceilings rising to 2.7m and a rich interplay of texture across every surface create a home of considered luxury — every detail thoughtfully crafted, with a brick fireplace anchoring the living space as its cladding extends outdoors, completing the connection to the Nelson landscape beyond.

High raking ceilings extending through to the master bedroom, a curved rangehood, wave pendant light and a porcelain benchtop bring warmth and precision to every space.

A thoughtfully layered texture palette of plaster, grid wall, Hardie Groove, brushed concrete Axon panel and loop wool carpet adds depth and richness to every room.

The brick cladding carries from the interior fireplace through to the exterior, completing a home where every detail has been chosen with purpose.

If you love the design of the house but want to change some aspects of the layout or specification, this can easily be done. Floor plans can also be mirrored to suit the building site. All plans are copyright and no part may be reproduced or copied without prior written consent from David Reid Homes
